Bruce Smoler, DDS, FAGD, FICOI

Dr. Bruce Smoler is a graduate of Northwestern University Dental School. He has taken extensive residency programs across the country from top educators in their field as well as completed over 5,000 hours of Continuing Education. His 30+ years of experience in clinical implant, esthetic, reconstructive procedures and practice management services has fostered a unique set of Evidenced Based Principles. Dr. Smoler has applied these principles to over 10,000 dental implant procedures with a high degree of predictability, profitability and long term success. As an authority on dental implants, he has been a consultant for some of the largest dental implant companies in the world. Dr. Smoler lectures nationally on Dental Implants, Practice Management, and Personal Growth and Development. His hands on, 'wet finger' approach, has made his lectures practical, informative and above all else easy to implement. His long established Smoler Institute of Implant Dentistry has helped patients throughout the Midwest live healthier lives. He is a full-time practitioner, which allows him to stay current and relevant in the face of ever changing paradigms General Dentists face on a daily basis. His recently expanded S.M.I.L.E. Mentorship Program has allowed newly trained Implantologists to gain Hands-on experience and confidence in a controlled learning environment.
